Recognising the achievers

The year 2020 was tough for all of us. The sudden onset of the pandemic has changed the way we live. We saw both our personal and professional lives being affected, putting us all in a spot that made us stop and re-think life altogether. The past year has also pushed us to be innovative entrepreneurs and think out-of-the-box to adapt to the unprecedented times. We saw a lot of businesses adapt to the new normal and make a seamless shift while getting back up and running. Hence, Times Interact thought to start the new year by recognising these efforts and honouring them for the same. It was a pleasant afternoon at the 'Times Interact presents Achievers 2020' graced by veteran actor Dalip Tahil and Dr Bharti Lavekar as guest of honours, felicitating the achievers at the event.
